New Horizons Disability Empowerment Center (NHDEC) is a safe haven whenever needed, for providing members of our surrounding communities with multiple services.

Where does one go for support and help, after having suffered a stroke, paralysis, and loss of vision, hearing or a limb? There are always a lot of questions to be answered and ways to find out how to go onward in your journey of life. New Horizons is helping those in need to **Move Forward Together** with attention and support for the mental, emotional, physical, and transportation needs of the tri-cities area *(largest disability transport vehicles in Northern Arizona)*.

As part of our **successful benefit** we are also holding a **Silent Auction**, and are asking for items ranging from \$50 - \$2500.

Because of your generosity New Horizons has been able to expand services, including offering the new statewide CLA course *(Community Leadership Academy)* both in Yavapai and Mohave counties and graduated inspired attendees. We have purchased equipment for our Gym Area, while also increasing staff to include a new event and advocacy program coordinator.

Please help make a difference in our community by contributing to the success of our Benefit Event, that will provide a marvelous evening highlighted by excellent food and music and making new friends.

Sincerely,
David Seigler,
Executive Director
